A cluster of handwritten signatures in blue ink, likely from students or faculty members, arranged in a loose group. The signatures include variations of names such as "Draai", "Dawn", "Jai", "M.", "S.", "T.", "Q.", "Shakur", and "W.". Some signatures are more stylized than others, and they are scattered across the page.

SEMESTER-III
(MJC 4: POLITICAL PROCESS IN INDIA)

Major Course -MJC 4

Theory - 40 Lectures

Couse Credits - 04

Full Marks: 100

Course Objectives:

Politics cannot flourish in a vacuum. It requires a social foundation. This is the reason why Political structures function differently in various Political systems. Idealism in politics is often contested with realist approach. This paper will enable students to develop a pragmatic approach in understanding actual working of the Indian state amidst power equations and dynamics.

Course outcomes:

This course intends to achieve following outcomes: Developing analytical approach towards Political relations, actions and processes; Enhancing interdisciplinary approach in comprehending Political behaviour; Assessing the role of non-state actors in determining active participation; and, Examining the role of party system and interest groups in democratization of polity.

Course Content:

SEMESTER-IV

(MJC 7: PERSPECTIVES ON INTERNATIONAL RELATIONS AND WORLD HISTORY)**Major Course -MJC 7****Theory - 50 Lectures****Course Credits - 05****Full Marks: 100****Course Objectives:**

This paper seeks to equip students with the basic intellectual tools for understanding International Relations. It introduces students to some of the most important theoretical approaches for studying International Relations. The course begins by historically contextualizing the evolution of the international state system before discussing the agency- structure problem through the levels of analysis approach. After having set the parameters of the debate, students are introduced to different theories and events in International Relations.

Course Outcomes:

This course provides a fairly comprehensive overview of the major theoretical constructs of International Relations, Political Developments and events starting from the twentieth century.

Students are expected to learn about the key milestones in world history and equip themselves with the tools to understand and analyze the same from different perspectives. A key objective of the course is to make students aware of the implicit Euro-centrism of International Relations by highlighting certain specific perspectives from the Global South.

Course Content:

Semester - VI
(MIC 7: PERSPECTIVES ON INTERNATIONAL RELATIONS AND
WORLD HISTORY)

Minor Course -MIC 7

Theory - 30 Lectures

Course Credits - 03

Full Marks: 100

Course Objectives:

This paper seeks to equip students with the basic intellectual tools for understanding International Relations. It introduces students to some of the most important theoretical approaches for studying International Relations. The course begins by historically contextualizing the evolution of the international state system before discussing the agency- structure problem through the levels of analysis approach. After having set the parameters of the debate, students are introduced to different theories and events in International Relations.

Course Outcomes:

This course provides a fairly comprehensive overview of the major theoretical constructs of International Relations, Political Developments and events starting from the twentieth century.

Students are expected to learn about the key milestones in world history and equip themselves with the tools to understand and analyze the same from different perspectives. A key objective of the course is to make students aware of the implicit Euro-centrism of International Relations by highlighting certain specific perspectives from the Global South.

Course Content:

**MIC 7: PERSPECTIVES ON INTERNATIONAL RELATIONS AND WORLD
HISTORY(Credits: 3)**

Unit	Topics to be covered	No. of Lectures
